

MAGNET®

Scope	<p>Feed quality accounts for the larger part of a successful intensive animal rearing operation. Raw materials and compound feeds require special care in order not to make them a source of mechanisms (poisonous substances, interference with digestibility, oxydation and free radicals) that affect feeding efficiency and animal production response. Such mechanisms can cause severe economic losses to the producer.</p> <p>Carefully selected and proportioned feeding materials and additives help to ensure making quality feedstuffs available to the animals even under the most severe conditions.</p>
Description	The product is a carefully manufactured mixture of additives, specially designed for animal feedstuffs.
Components	Hydrated NA-Ca Aluminium Silicates / Dried Yeast
Physical & Technical Specifications	<p>Appearance : powder</p> <p>Colour : Light brown</p> <p>Specific gravity : 0,9 - 1,1 kg/l</p> <p>pH (10%) : 9,7 - 10</p> <p>Moisture : Max 7,5 %</p> <p>Colour change or variation does not affect performance.</p>
Application & Dosage	Finished Feed: 2-5 kg/T, Raw Materials: 2-5 kg/T
Packaging	Standard 25 kg export worthy bags on wooden fumigated pallets. Other net weights 1 kg*, 5 kg*, 10 kg, 20 kg, 750-1000kg, bulk on demand. *Marked unit packs are packed in an outer carton up to max. 25 kg.
Shelf Life	2 years when stored in a cool and dry environment out of direct sunlight in unopened packing
Item Reference	10036
